

Affordable, Reliable Test Instruments for the HVAC Industry.

Looking for a Hard Carrying Case for the EBT721 Balometer?

EBT721 Balometer
Electronic Balancing Tool

HM680
Hydronic Manometer

EBT721
Bio-Safety Hood Kit

RVA+
Rotating Vane Anemometer

Promotional Code: **SCS/EBT721-0025**
Part Number: **EPSCS-3426MR-0025**

The SKB pull handle case is the ultimate in durability and convenience. These industrial cases are designed to exceed the ATA (Airline Transportation Association) specification 300, category 1. Each case has strategically placed bumpers which absorb shock and give added protection to the field replaceable locking latches and retractable handles. Quiet-Glide wheels give these roll models a smooth, quiet ride.

With the EBT721 Balometer placed inside the hard carrying case, additional storage space is available for other Alnor equipment.

The price for the case only is \$315.50 plus shipping and applicable taxes. Contact SCS Cases directly to place an order. Please reference **Promotional Code SCS/EBT721-0025** and **Part Number EPSCS-3426MR-0025** when contacting SCS Cases.

Part Number	Dimensions (L x W)	Depth	Lid/Base	Shipping Weight
